STREET AND AVENUE GUIDE.

EXPLANATORY.

The City comprises Ten Divisions, known as the North, South and West Divisions, Hyde Park, Lake, Calumet, Lake View, Jefferson, Austin, and Rogers Park.

Streets that cross the Chicago River have the prefix N. north of the River, and W. west of the River, but the prefix E. or S. is (with two or three exceptions) never used. Thus, the correct names are Erie and W. Erie, Lake and W. Lake, Clark and N. Clark, State and N. State, etc.

All east and west streets south of 39th have the prefix W. west of State. Thus, 47th and W. 47th instead of 47th (H.P.) and 47th (L.) as formerly.

All east and west streets north of Nelson have the prefix W. west of N. Western av. Thus, Lawrence av. and W. Lawrence av. instead of Lawrence av. (L.V.) and Lawrence av. (J.) as formerly.

In the West Division, all streets that cross W. Randolph have the prefix N. or S. Thus, N. Ada, north of Randolph, and S. Ada, south of Randolph. West of Union Park (where W. Randolph ends) W. Lake street is the dividing line.

On any street, the relative location of a house is got by running down the column of figures, which are its numbers at the several crossings of the streets that intersect it. The right hand number after crossing is usually given. For example, to find 44 State, it will be seen that 30 is on the corner of Lake, and 66 is on the corner of Randolph; hence 44 is between these two streets. Where no numbers are given, the corners and often the blocks, are vacant.
